MEMORANDUM FOR THE RECORD

SUBJECT: HSC Security

1. At HSC request, the following three top HSC staffers should automatically receive any clearance which is given to any other HSC staffer. Obviously this is necessary as these senior officers must discuss findings with investigators; Staff Director A. Searle Field, Counsel Aaron Donner, and Counsel John Boos.

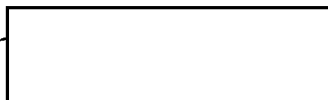

2. Office of Security will check files to see if any clearances already extant to staffers must be extended to these three, and will automatically arrange clearances in future. The O/S will arrange to give the clearance briefings at the House, hopefully timing them to catch all three at once.
